

Table 1

| | Light Sensor | Magnet Sensor | Date | Time | | |
|---|---|---------------|------|------|--|--|
| 1 | 1059 | 1 | 11.1 | 2400 | | |
| 2 | 2410 | 0 | 11.2 | 800 | | |
| 3 | 300 | 0 | 11.3 | 900 | | |
| | | | | | | |
| | | | | | | |
| | For the sensor project, I intend to combine the readings from both sensors into one table. Because for the API I am representing the numbers using concentric circles with a timeline at the bottom, I also need dates and time. The numbers in the time at this moment are just some examples. | | | | | |
